Greetings to all who participated . . .

. . . in the First Africa Conference on Industrial Engineering and Engineering and Operations Management. This outstanding event is now history! The event brought together students, educators and industry at the beautiful Saint George Conference Center in Pretoria. More than 400 participants attend the event and had an opportunity to network, listen to many outstanding keynote presentations and engage in the conference parallel sessions. Of course, there are many memories that have been captured and can be found on the IEOM Society photos gallery: <https://photos.app.goo.gl/xnDRBwpjv9TKbjXJ7>.

On behalf of the Conference Organizing Committee and the Global Council of IEOM Society International, we would like to thank you for participating in this unique event. It is our hope that your attendance provided you with an exceptional value and an outstanding networking experience.

If you need any presentation or attendance certificate, please send an email to info@ieomsociety.org. You can provide your name, affiliation and paper info for the certificate requested.

The proceeding papers of the conference will be available next week with page numbering: www.ieomsociety.org/southafrica2018/proceedings/. Once this has been completed, we will send the papers for Scopus indexing. This process usually takes two to three months.

If you have taken the time to become a member of the IEOM Society, please do by visiting our website. Membership provides you with an opportunity to keep in touch with the IEOM Society around the globe. If your institution does not have IEOM Student Chapter, I encourage you to establish a student chapter: <http://ieomsociety.org/ieom/chapters/>.

Again, thanks for your support and interest in the IEOM Society International. We look forward to seeing you at other events in the near future: www.ieomsociety.org/ieom/conferences/.

Sincerely,

Don Reimer, IEOM Fellow
